6.1 Umpire scoring system

Since 2012 Bulgarian Association of Taekwon-Do develops an electronic scoring system called *BulScore*. The system has been developed only for the needs of Taekwon-Do ITF umpires and for the last 6 years is fully in accordance with the active ITF Competition Rules.

BulScore have been successfully used in different level competitions in Bulgaria, Greece, Romania, Slovenia, Bosnia and Herzegovina, Slovakia, Ukraine, Italy, Belarus and Poland which include European Championships in Bulgaria (2017) and the European Cups in Bulgaria (2013), Romania (2016, 2018), Poland (2017).

The umpire system is operational independently and also has the possibility of loading data (names, categories, countries, etc.) from different organizational systems, and by this moment has been connected with the Bulgarian, Romanian and Polish organizational systems.

BulScore is developed in the form of three hardware variants, which are: wired version, wireless version and mixed version in which the umpire's joystick can work either with cable or without cable.

If Bulgaria will host the XI European Taekwon-Do Cup in 2022 and the Organizer shall provide computer operators with excellent knowledge and experience with the Scoring System which will ensure smooth conduction of the tournament and will keep strict competition schedule.
